

ChargePoint Express 200

Make Your Business a Preferred Destination

With ChargePoint® Express 200, one of our DC fast chargers, property owners can attract new customers to their business by providing them a short recharging stop before getting back on the road and on to their destination.

Get More Range in Less Time

- + Charges at a maximum of 200 miles of range per hour (RPH)
- + 50kW output

Connectors

- + CHAdeMO and CCS1
- + Can charge all cars equipped with DC fast charging (Tesla with an adapter)

Convenient Form Factor

- + Only 13 inches deep and one-third the weight of other dual port DC stations
- + Small size provides flexibility on installation locations
- + Low shipping and installation costs because of the size and weight

Reliability

- + Critical electronics components are environmentally sealed maintaining reliable operation
- + Operates over a wide temperature range of -35°C to 50°C (-31°F to 120°F)
- + With remote diagnostic capabilities, the ChargePoint Support team can identify problems before they impact charging, reducing down time

When Charging is Mission Critical, Protect Your Investment with ChargePoint Assure

- + **Minimize downtime:** ChargePoint Assure provides the most comprehensive EV Station maintenance and management in the industry
- + **Get up and running quickly and flawlessly:** Professional guidance for station configuration saves you time, and unlimited changes to station policies flexibly supports your business
- + **Eliminate unexpected future expenses:** Cost for parts and on-site labor to install is covered for all Assure eligible repairs
- + **One less thing to worry about:** Proactive station monitoring provides you with regular reporting
- + **Reduced risk of downtime:** We guarantee 98% annual uptime and one business day response to requests
- + **Support when you need it:** We're there for you *and* your drivers. Phone support available for station owners Monday to Friday from 5 AM to 6 PM Pacific. Phone support for drivers is 24/7/365, so you never need to field a driver call

Get More Business and Stay in Control with Network Services

- + Largest community of EV drivers
